

The Other Part of the World

In this round of ten questions, students are tested on their knowledge about oceans.

1. Name the largest of the world's four oceans.
2. Name the ocean that separates Argentina from South Africa.
3. Which ocean is the Bay of Bengal a part of?
4. Which strait connects the Pacific and the Arctic Oceans?
5. Which ocean surrounds Vanuatu, Fiji, and Hawaii?
6. What type of whale is the largest mammal living anywhere on planet Earth.
7. Which ocean is the North Sea, near the United Kingdom, a part of?
8. What technology involves mapping the sea floor using sound waves beamed from ships?
9. Approximately what percentage of the surface of planet Earth is covered by the oceans - 50% or 70%?
10. Which whale, native to the Arctic Ocean, has a long tusk?
